

TRANSPORTATION CERTIFICATE

True Blue Power certifies that the **6430014-()**, **ADVANCED LITHIUM-ION BATTERY**, TB14 series have been subjected to and meet the requirements for the UN Recommendations on the Transport of Dangerous Goods, Manual of Tests and Criteria, 6th Edition, Amendment 1, Section 38.3.

Product Description: Main Ship Battery containing High Power Lithium-Ion, Iron Phosphate-Based cells.

Dimensions	5.6" (142.2 mm) Length, 6.3" (160 mm) Wide, 5.6" (142.2 mm) Height	
Weight	10.0 Lbs. (4.54 kg)	
	6430014-1	6430014-2
Voltage	14 VDC	28 VDC
Capacity	26 Ah	13 Ah
Energy	364 Wh	364 Wh
Module or Battery Configuration	4S4P	8S2P
Equivalent Lithium Content	33.6 ELC	33.6 ELC

Transportation Requirements:

International and air within the United States of America

The listed battery meets the requirements of the UN-defined transport tests and has a rating of more than 100 Watt-hours. Therefore, the listed battery must be packaged and shipped as a fully-regulated Class 9 dangerous good subject to Packing Instruction 903 and Special Provision 230 of the UN Recommendations on the Transport of Dangerous Goods – Model Regulation and Packing Instruction 965, Section I of the ICAO Technical Instructions and IATA Dangerous Goods Regulations. These regulations contain detailed requirements on how the battery must be packaged for transportation.

Within the United States of America by motor vehicle or rail

The U.S. DOT Hazardous Materials Regulations of 49 CFR 173.185 govern the transportation of lithium-ion batteries. Since the listed battery meets the requirement of the UN-defined transportation tests and has more than 300 Watt Hours of energy. Therefore, the listed battery must be packaged and shipped as a fully regulated Class 9 hazardous material subject to 49 CFR 173.185 of the U.S. hazardous materials regulations. These regulations contain detailed requirements on how the battery must be packaged for transportation.

For transportation emergencies involving this True Blue Power battery product within the US call CHEMTREC at 1-800-424-9300. Internationally, dial 1-703-527-3887 (collect calls accepted).
